Hello All,

Good conference call today. Attached is the conditional approval letter discussed during our call today. You will receive a duplicate copy from our Admin Group later.

Regards,

Jerry Wickham

Subject: RE: Conference Call to discuss Aspire Air Monitoring Plan

Hi Jerry,

I will call Tracy and ask if she can join the call at 3:30pm today. We have initiated the public notice procedures in accordance with the public participation plan for the project.

We are in the process of uploading the attached revised air monitoring plan to the Geotracker website and the ACEH ftp site. I attached it to this email for quick reference. This incorporates the revised Action Levels and also specifically mentions the dust control measures that will be implemented during the construction project.

Best Regards,

Erica

Please note my new contact information is provided below.

Hello Erica,

I have another project meeting at 2:00 pm which should be done by 3:30 pm. Therefore, I can be available at 3:30 pm for a call.

Public notifications of the work is also part of the schedule. Are you including Tracy Craig on the call?

Regards,

Jerry Wickham

Subject: Conference Call to discuss Aspire Air Monitoring Plan

Hi Jerry,

I was just speaking with Carmen, and it would be great if we could schedule a conference call this afternoon to discuss the final protective Action Level. She is available today at 3pm Pacific. Would you be available for a brief conference call to discuss the final Action Levels and project schedule? If so, I will send out a conference call invitation with dial-in information.

Thank you again for your input yesterday, and thank you both Jerry and Carmen for reviewing the air monitoring plan so quickly! The revised plan for ACEH which incorporates the California Ambient Air Quality Standards for 0.050 mg/m³ on a daily basis (above background), and not to exceed 0.250 mg/m³ over any 10-minute average period, will be sent shortly.

Best Regards,
Erica
